## NATION'S CHIEF EXECUTIVE NOW IN THE WEST

### FAR OFF FROM BEATEN TRACKS OF ALL TRAVEL

**PRESIDENT COOLIDGE AWAKENS  
TODAY IN BLACK HILLS OF  
SOUTH DAKOTA**

**TROUT STREAM RUNS BY HIS  
DOOR, GAME ROMPS IN  
FRONT YARD**

By PAUL R. MALLON  
(United Press Staff Correspondent)

Rapid City, S. D., June 16.—Far off the beaten tracks of travel, 32 miles from a railroad, President Coolidge awoke today in the secluded Black Hills of South Dakota to the first vacation a president of the United States really ever had.

A trout stream patrolled by state police ran by his door; game beasts held in by barbed wire romped in his front yard; a thirty room lodge was his to roam in and there was no one to disturb him. Newspapersmen and photographers were quartered too far away to ask him questions or request him to pose, except at his direction.

The rugged hills are dotted with trees, and the air is brisk—at least 20 degrees cooler than Washington. A few tourists pass occasionally with foreign tags. A cowboy may pause to stare at a mountain goat could stray past the soldier guard—but these are the only possible disturbances.

Mr. and Mrs. Coolidge arrived here late yesterday and were driven over the 32-mile gravel road to the lodge. They dined there, served by White House servants brought from Washington, and after a short stay on the front porch retired to rest from their tedious, 1,900 mile journey.

The secret service men were introduced to their tent quarters and all of them spent their first night in the open since they have been guarding presidents. The servants were taken care of in a building to the rear of the lodge which up to this time has been used as a hotel. The garage is almost in front of the door and a gasoline tank erected there will furnish the White House cars with fuel when Mr. Coolidge wants to take a spin through the picturesque country further up in the hills.

The secretarial employees were busy this morning setting up executive offices in the high school. Secretary Sanders occupying the principal's office. A private telephone connects these offices with Mr. Coolidge's lodge and a telegraph wire connects the school building with the White House in Washington so that matters of state can readily be handled.

Armed guards for the camp were furnished by Fort Meade, an army post a few miles north of here.

Mr. Coolidge was highly pleased with his reception here and all through the state. About 5,000 persons lined the streets and the town band played Star Spangled Banner. At Hermosa, 20 miles up on the road to the game lodge, a band of 40 cowboys met the chief executive and gave him a "Yippee" as he passed.

Rapid City, S. D., June 16.—Seven shiny Rainbow trout, the largest weighing nearly two pounds, were caught by President Coolidge today on his first fishing expedition at his summer residence.

The president started out after breakfast to try his luck. His unexpectedly large catch was possible with only an hour's work with rod and reel.

### ALLEGED WRENCH MURDERER IN PLEA OF NOT GUILTY

Moorhead, Minn., June 16.—(UP)—Charles Wire, Fargo tailor, and alleged wrench murderer of Mrs. Anna Nelson, Fargo widow, pleaded not guilty here today when arraigned in district court on a charge of first degree murder.

Court officials, following the arraignment, announced that Wire would appear in court again Friday. This led to the belief that Wire would change his plea.

Wire is charged with brutally beating to death Mrs. Nelson with a wrench on the evening of June 5. She was found in an unconscious condition on a lonely road near here and died after being taken to a Moorhead hospital.

Wire was indicted by a Clay county grand jury Wednesday when eighteen witnesses testified.

### CHANCELLOR MARX SAYS RUSS ACTIONS CAUSE COMMENT

Berlin, June 16.—(UP)—Chancellor Wilhelm Marx today informally told Foreign Commissar Georges Tchitcherine of Russia that communist propaganda abroad and the recent Soviet Russian executions had created an unfavorable impression upon the representatives of the powers now assembled at Geneva.

Ambassador Brockdorff-Rintzau, German envoy to Moscow, was present at the meeting and joined Marx in informing Tchitcherine of the powers' attitude. Both German officials expressed hope that there would be an amicable adjustment of Poland's difficulties with Russia.

Tchitcherine visited Marx preliminarily to returning to Moscow.

### LINDBERGH FLIES RYAN PLANE TO NEW YORK

FAMOUS "WE" COLONEL AND  
"SPIRIT OF ST. LOUIS"  
UNITED

TAKES TRIP IN THE REPAIRED  
TRANS-ATLANTIC  
PLANE

New York, June 16.—(UP)—The famous "we," Colonel Charles A. Lindbergh and the Ryan monoplane "Spirit of St. Louis," were reunited today while New York and Washington slept.

Leaving Curtiss Field, N. Y., at 2:45 A. M. (EDT), Lindbergh flew to Washington in a Curtiss army pursuit plane, landed at the Anacostia naval air field at 4:37, left in the "Spirit of St. Louis" at 5:08 and returned to Mitchell Field where he landed at 7:54 A. M.

Lindbergh started to the field for the round trip in his formal evening clothes in which he attended a benefit boxing match and two theatrical performances last night—the last of which began after 1 A. M. He slipped on flying togs at the field.

Arriving at Curtiss Field in an automobile, accompanied by Richard Blythe, his personal representative, and Lieut. St. Clair Street of the Selfridge Air Field, Mich., the flier warmed up the motor of the army pursuit plane in which he had flown to New York from Washington on Monday, pulled a flying suit on, said a few words, and was off.

Lieut. Street followed in another plane.

Lindbergh's plane had no lights so he let the army flier take the lead. He reached Mitchell Field on his return trip in plenty of time to motor back to New York, wash and eat, and begin a busy last day's program in New York of six engagements, the last of which will be a tea at which he will receive the \$25,000 Raymond Orteig prize for being the first person to fly from New York to Paris.

### AMBASSADOR SHEFFIELD CONFERS AT WASHINGTON

Washington, June 16.—(UP)—Ambassador James R. Sheffield arrived here today from his post in Mexico City and went into conference with Secretary of State Kellogg.

It is understood from other usually well informed circles that Sheffield will not return to Mexico City.

### DROP WORKING PACT TWO RAIL BROTHERHOODS

Cleveland, O., June 16.—(UP)—A working agreement between two of the four great railroad labor brotherhoods—the Brotherhood of Locomotive Engineers and the Brotherhood of Locomotive Firemen and Enginemen—which has been in effect for 15 years was ordered abrogated by the engineers in convention here today.

The move, culminating a split which has been developing since February, wipes out every basis of coordinate action between the two brotherhoods.

QUEBEC MAN SENDS OUT FAIRY  
STORY ABOUT COLI AND  
NUNGESSER

LED WORLD TO BELIEVE THAT  
FRENCH FLIERS WERE IN  
LUMBER BELT

Quebec, Que., June 16.—(UP)—Just to relieve the monotony of life in the lumber camp village of Chicoutimi, in northern Quebec, an accountant named A. Blais telephoned to River Bend, more than a hundred miles north of here, yesterday, reporting that the missing French fliers, Charles Nungesser and Francois Coli, had been found.

The report was soon relayed to Quebec and from there it was telegraphed and cabled to all parts of the world.

Blais was located by the United Press last night. He admitted he had perpetrated the hoax "just to relieve the monotony of life." This idea suggested itself to him, he added, by reports that flares had been sighted in the region of the camps of the Price Brothers Lumber Company, for whom Blais works.

The flares, it was learned last night, were a part of a store of such signals stolen recently from the Roberval aerial station and set up at intervals during the last few weeks for the sake of amusement.

On the basis of the confession by Blais, the provincial government announced last night it would call off its plans to send airplanes into the north woods to search for the fliers. Instructions were issued to forestry men, nevertheless, to keep a close watch over the entire district for the missing Frenchmen.

### SOUGHT TO GAIN INTIMATE FACTS OF DENVER PEOPLE

Denver, Colo., June 16.—(UP)—An attempt to gain control of intimate facts about the lives of some of Denver's most prominent people through the theft of confidential papers in juvenile court here, had failed today, Judge Ben B. Lindsey announced.

An entrance into the court room was gained last night, Judge Lindsey said. The intruders rifled the desk of Miss Josephine Roach, clerk and referee of the internationally famous court, and left with a file of documents.

"I am satisfied that it was an organized attempt to obtain these confidential files, which were to be turned over to certain persons for blackmail," Judge Lindsey said.

### OBJECTIONS TO WILL WITHDRAWN

Duluth, Minn., June 16.—(UP)—Settlement of the estate of the late Dr. W. J. Conan of Milwaukee, millionaire mine owner, was assured today following withdrawal of objections by a nephew, Fred A. Russell, Superior, Wis.

Russell, under the terms of the will, was given \$10,000. He recently contested the will but withdrew objections late Wednesday and it was admitted to probate here by Judge S. W. Gilpin.

Russell's attorney told the court that satisfactory settlement had been made with other heirs.

### FUNERAL RITES FOR TWO KILLED IN AUTO ACCIDENT

St. Paul, June 16.—(UP)—Funeral arrangements were being completed here today for Morris Pertzik, 45, and his son Jacob, 15, who were instantly killed in an automobile accident near Minneapolis Wednesday night.

Pertzik and his son were returning in their automobile truck from a long trip and crashed into a street car at a crossing. They were thrown from the truck by the impact.

New York, June 16.—(UP)—Commander Richard E. Byrd arrived in New York today from his home in Virginia, and after his arrival word was given out that he hoped to get away Sunday on his long awaited airplane flight to Europe.

Byrd's plane, the tri-motored monoplane "America" is at Roosevelt Field, ready for flight, having passed through all preliminary tests satisfactorily.

Officially the destination of the flight will be Paris. Reports from reliable sources, although none confirmed by Byrd, however, have it that the flight may develop into one unusually spectacular.

### EARNINGS SUIT WON BY N. P. RAILROAD

CIRCUIT COURT OF APPEALS AF-  
FIRMS DECISION; BACKUS-  
BROOKS LOSE

A district court decision favoring the Northern Pacific railroad in a suit brought in 1923 by the Backus-Brooks interests as minority stockholders in the Minnesota and International Railway company, a part of the Northern Pacific system, was affirmed by the United States Circuit Court of Appeals yesterday.

The suit was brought over division of earnings, expenses and matters regarding joint rates, the appellate court holding that the District court lacked jurisdiction because of rules and regulations of the Interstate Commerce commission and the Railroad and Warehouse commission existing in the six years previous to 1923, covered by the suit.

The Minnesota and International operates between Brainerd and Northome, joining the Northern Pacific line on the south and a line it controls on the north which leads to International Falls. The opinion covered more than 40 pages. — St. Paul Pioneer Press.

### COL. DE PINEDO LEAVES FOR ROME

Barcelona, June 16.—(UP)—Francesco De Pinedo, Italian flier, left at 10:30 A. M. today (5:30 A. M. New York time) for Rome, the terminus of his flight over four continents.

During his flight De Pinedo crossed both the south and the north Atlantic, and flew over mountains, plains and South American jungles. His first plane, the Santa Maria, was destroyed at Roosevelt Dam, Arizona, when a boy carelessly threw a match in the gasoline-coated water surrounding the plane.

### SLAYER OF TWO CHILDREN DRAWS LIFE SENTENCE

Valparaiso, Ind., June 16.—(UP)—Walter Scholl, 33, slayer of his two children, Vivian, 8, and Donald, 6, by strangling them in a Gary cottage, today was sentenced to life imprisonment by Judge Grant Crum-packer of the Porter circuit court.

### DOYLE TELLS ABOUT IT IN "CASE BOOK"

SHERLOCK HOLMES LIKE SUPER-  
ANNATED TENOR, TOO  
MANY FAREWELLS

HE NOW GOES THE WAY OF ALL  
FLESH, MATERIAL OR  
IMAGINARY

By CLIFFORD L. DAY

London, June 16.—Sherlock Holmes, famous storybook detective, who confounded criminals with test tube and magnifying glass, scorned the while the stupid blunders of Scotland Yard, died today.

Holmes' death was announced by Sir Arthur Conan Doyle, whose stories of Sherlock have been read by millions of persons of all ages.

Sir Arthur, who latterly has been won from the school of scientific criminology to the occult practices of spiritualism, explained Holmes' death in the preface of his own "Case Book of Sherlock Holmes."

"I fear," wrote Sir Arthur, "that Mr. Sherlock Holmes may become like one of those popular tenors who, having outlived their time, still are tempted to make repeated farewell bows before their indulgent audiences. This must cease. He must go the way of all flesh, material or imaginary."

The mewing of Sherlock's violin and his resolute footfall no longer will be heard along Baker Street, where, since Sherlock took up his famous lodgings, there has been an invasion of giant motor busses and a jamming traffic. So crowded has the streets become that it no longer was suitable anyway to the contemplation and modest delights of a man who delved in the mysteries of crime.

Sherlock, fittingly, had two lives, and it was his second Sir Arthur took from him today. The first time, Sherlock died with his boots on. He long had pitted his skill against the criminal cunning of Dr. Moriarty, one of the basest of villains, and finally the pair met in combat on the edge of a cliff.

Before the eyes of Watson, of course you remember Watson, the pair fought and fell to their deaths.

But, Sherlock's friends had not had enough of him. Sir Arthur was besought to resurrect his master character. And, finally, Sherlock came back to life, having escaped death on the cliff in miraculous manner common to super-human sleuths, to continue his career as the terror of wrongdoers and the envy of the slow-witted gentlemen from the Yard.

Now, Sherlock has died again, or rather, he has been murdered and by the hand of his creator. Perhaps his violent second demise was a final gesture of defiance to the Yard; let them solve it if they can.

As recently as May, Sir Arthur last publicly announced his belief that there were means of crime detection superior to those employed by Holmes. Sir Arthur's comment was in connection with the Charing Cross trunk murder, which by its very name seemed more fitted to the pages of Sherlock's career than to the blotter and court records of the London police and magistrates before whom it came for action. The body was in a trunk and checked at the station by "a well dressed man." Sir Arthur then urged the necessity for every police station in the world to include a spiritualistic medium on its staff whose services would be utilized solving mysteries.

Scotland Yard, ever impervious to suggestion, chose its own plodding way to trap the murderer who confessed and who now is on trial here. But, Sir Arthur's suggestion was a hint that all was not well for Sherlock. His own creator lost faith in the detective, and now he is dead. But even in death, Sherlock will not be idle. Resting comfortably in his pages on thousands of library shelves Sherlock will be with us forever, peering through his glass, rolling a bit of cigar ash in his palm or smiling a long suffering smile as he arrived on the scene of a crime to find that the stupid oafs from the Yard have obliterated the real clues in their clumsy search of the premises.

### GOVERNMENT AUCTIONS 26 AIRPLANES

Washington, June 16.—(UP)—The postoffice department today sold at an old-fashioned auction 26 air mail planes to the highest bidders, for a total of \$155,835.

The National Air Transport company of Chicago and New York purchased 17 of the planes for \$108,200.

Three planes went to the Western Air Express, of Los Angeles, for \$17,585.

The Robertson Aircraft corporation of St. Louis, former employers of Charles Lindbergh, trans-Atlantic hero, bought six planes for \$30,050.

Bidding was very slow and three planes were left unsold.

### TRAIN LOAD OF ARMED MEN AFTER STRANGLER

LEAVE WINNIPEG EARLY TODAY  
FOR KILLARNEY,  
MANITOBA

SUSPECT ESCAPED FROM JAIL 15  
MINUTES AFTER BEING  
LOCKED UP

Winnipeg, Man., June 16.—(UP)—A train load of armed men left Winnipeg early today for Killarney, Man., where it is reported the "strangler," wanted for the murder of a woman and girl here last week, is cornered.

The suspect escaped from the jail at Killarney late yesterday, 15 minutes after he had been locked up, and his boots taken from him.

A posse of armed farmers have trailed the suspect to the wilderness region near Killarney, and early today with the departure of additional armed men from Winnipeg, the farmer guards were joined by additional men until nearly a thousand men have entered into the man hunt.

Winnipeg, Man., June 16.—Search for the "strangler," wanted for the murder of a woman and girl here over the week-end and suspected of having murdered more than a dozen women in cities of the United States, ended today with the capture of a suspect in the wild regions south of Killarney, Man.

The capture was effected after the arrival of a train load of armed men from Winnipeg, who joined a thousand farmers and townsmen in the search which had lasted all night. The suspect escaped from jail at Killarney within 15 minutes after he had been locked up late yesterday.

Winnipeg, Man., June 16.—The suspected strangler for which more than 1,000 civilians, imported detectives and local authorities had been searching all night, was captured near Killarney, Man., today, according to advices here.

The suspect was arrested yesterday, but escaped from jail within 15 minutes after he was locked up. Col. Martin, commissioner of Manitoba provincial police, according to word from Killarney, is convinced that the man arrested is the "strangler."

### TRANS-PACIFIC HOP DELAYED

Memphis, Tenn., June 16.—(UP)—Start of the trans-Pacific hop of Lieut. Ben Stern, marine corps reserve officer and Memphis Press Scimitar reporter, and Lieut. Jess Windham, chief pilot for the Tri-States Airways, will be delayed three weeks until their special Eagle Rock plane is completely fitted for the trip, it was announced here today.

### FLIES IN AIR YACHT WITH 2 PILOTS AND VALET

Amsterdam, June 16.—(UP)—Van Lear Black, publisher of the Baltimore Sun, resumed his 10,000 mile air jaunt to Batavia, Dutch East Indies, from Budapest today. Black left here yesterday in his Fokker air yacht accompanied by two pilots, a valet and a mechanic. Black probably next will arrive at Constantinople.

### SEEKS G. O. P. NOMINATION FOR PRESIDENT

MAMMOTH PICNIC ARRANGED AT  
EMMETSBURG,  
IOWA

COOLIDGE SCORED "FOR FAILURE  
TO HEED THE CRY OF  
AGRICULTURE"

Emmettsburg, Ia., June 16.—(UP)—At a mammoth picnic arranged for the occasion, the campaign in the middlewest to back Frank O. Lowden of Illinois, for the republican nomination for president of the United States, was formally launched today.

Frank J. Lund, chairman of the Iowa Lowden committee, delivering the principal address, scored President Coolidge for "his failure to heed the cry of agriculture for farm relief," characterized Secretary of Agriculture as a "traitor" to the farmer and attacked the president's third term aspirations.

Several thousand persons from a dozen northwest Iowa counties attended the gathering which Lund described as a "preliminary opening of the Lowden campaign," with the "main bout to follow at a future date."

He hailed Lowden as "the greatest friend the American farmer has today."

"We want him and we need him for he is our leading advocate today," Lund continued. "He is big enough and broad enough to treat all classes fairly and justly. Iowa will be heard and we do not propose to accept social favors or evasions as an answer to our demands."

Lund said he was somewhat embarrassed because "Cal has never said whether he is a candidate," but he supposed his migration to the Black Hills indicated he sought a third term.

"George Washington and Thomas Jefferson, in the interests of government by the people and for the people, announced the sacred doctrine of the second term rule for the presidency," Lund said. "This doctrine has been religiously adhered to now for one hundred and fifty years."

"If we can afford a president more than eight years then we can afford him more than 12 or 16 or 20 years or life, for with the army of advocates and the mighty influence of the press, he could be able to continue himself indefinitely."

The speaker then condemned the Coolidge administration. He said the president's "imperialistic policy" forced upon Nicaragua and threatening of Mexico has not only alienated their affections but "has destroyed billions of dollars of actual and potential business in Central and South America."

"We cannot save oil wells in Mexico for Doheny, Sinclair and Mellon and still expect to preserve our great South American markets," he said. "It is time the United States ceased playing the 'blundering bully' in Latin America. It is bad business, bad morals and bad statesmanship."

### PAST HISTORY IS DISCUSSED AT ST. CLOUD

St. Cloud, Minn., June 16.—(UP)—The relations of past history with future possibilities in community life were discussed at a meeting here today of the Minnesota Historical society.

An automobile caravan of about 25 cars arrived here this morning on the second stop of the society's sixth annual tour. The visitors left the Twin Cities this morning and made the first stop at Anoka.

Discussions of the historical events most prominent in the past and present day life of Anoka prevailed at a short session there. Then the caravan moved on to St. Cloud.

The society members were guests of the St. Cloud Reading Room club at a picnic luncheon and the regular session followed with an address of welcome by W. B. Mitchell, mayor of St. Cloud.

The opening address of the visitors was made by Solon Buck, superintendent of the Minnesota Historical society.

Moorhead, Minn., June 16.—(UP)—Charles Wire, Fargo tailor, and alleged wrench murderer of Mrs. Anna Nelson, Fargo widow, pleaded not guilty here today when arraigned in district court on a charge of first degree murder.

Court officials, following the arraignment, announced that Wire would appear in court again Friday. This led to the belief that Wire would change his plea.

Wire is charged with brutally beating to death Mrs. Nelson with a wrench on the evening of June 5. She was found in an unconscious condition on a lonely road near here and died after being taken to a Moorhead hospital.

Wire was indicted by a Clay county grand jury Wednesday when eighteen witnesses testified.

New York, June 16.—(UP)—Commander Richard E. Byrd arrived in New York today from his home in Virginia, and after his arrival word was given out that he hoped to get away Sunday on his long awaited airplane flight to Europe. Byrd's plane, the tri-motored monoplane "America" is at Roosevelt Field, ready for flight, having passed through all preliminary tests satisfactorily.

Officially the destination of the flight will be Paris. Reports from reliable sources, although none confirmed by Byrd, however, have it that the flight may develop into one unusually spectacular.

### EARNINGS SUIT WON BY N. P. RAILROAD

**CIRCUIT COURT OF APPEALS AFFIRMS  
DECISION; BACKUS-  
BROOKS LOSE**

A district court decision favoring the Northern Pacific railroad in a suit brought in 1923 by the Backus-Brooks interests as minority stockholders in the Minnesota and International Railway company, a part of the Northern Pacific system, was affirmed by the United States Circuit Court of Appeals yesterday.

The suit was brought over division of earnings, expenses and matters regarding joint rates, the appellate court holding that the District court lacked jurisdiction because of rules and regulations of the Interstate Commerce commission and the Railroad and Warehouse commission existing in the six years previous to 1923, covered by the suit.

The Minnesota and International operates between Brainerd and Northome, joining the Northern Pacific line on the south and a line it controls on the north which leads to International Falls. The opinion covered more than 40 pages. — St. Paul Pioneer Press.

### COL. DE PINEDO LEAVES FOR ROME

Barcelona, June 16.—(UP)—Francesco De Pinedo, Italian flyer, left at 10:30 A. M. today (5:30 A. M. New York time) for Rome, the terminus of his flight over four continents.

During his flight De Pinedo crossed both the south and the north Atlantic, and flew over mountains, plains and South American jungles. His first plane, the Santa Maria, was destroyed at Roosevelt Dam, Arizona, when a boy carelessly threw a match in the gasoline-coated water surrounding the plane.

### SLAYER OF TWO CHILDREN DRAWS LIFE SENTENCE

Valparaiso, Ind., June 16.—(UP)—Walter Scholl, 33, slayer of his two children, Vivian, 8, and Donald, 6, by strangling them in a Gary cottage, today was sentenced to life imprisonment by Judge Grant Crum-packer of the Porter circuit court.

### DOYLE TELLS ABOUT IT IN "CASE BOOK"

**SHERLOCK HOLMES LIKE SUPER-  
ANNATED TENOR, TOO  
MANY FAREWELLS**

**HE NOW GOES THE WAY OF ALL  
FLESH, MATERIAL OR  
IMAGINARY**

By CLIFFORD L. DAY  
London, June 16.—Sherlock Holmes, famous storybook detective, who confounded criminals with test tube and magnifying glass, scorning the while the stupid blunders of Scotland Yard, died today.

Holmes' death was announced by Sir Arthur Conan Doyle, whose stories of Sherlock have been read by millions of persons of all ages.

Sir Arthur, who latterly has been won from the school of scientific criminology to the occult practices of spiritualism, explained Holmes' death in the preface of his own "Case Book of Sherlock Holmes."

"I fear," wrote Sir Arthur, "that Mr. Sherlock Holmes may become like one of those popular tenors who, having outlived their time, still are tempted to make repeated farewell bows before their indulgent audiences. This must cease. He must go the way of all flesh, material or imaginary."

The mewing of Sherlock's violin and his resolute footfall no longer will be heard along Baker Street, where, since Sherlock took up his famous lodgings, there has been an invasion of giant motor busses and a jamming traffic. So crowded has the streets become that it no longer was suitable anyway to the contemplation and modest delights of a man who delved in the mysteries of crime.

Sherlock, fittingly, had two lives, and it was his second Sir Arthur took from him today. The first time, Sherlock died with his boots on. He long had pitted his skill against the criminal cunning of Dr. Moriarty, one of the basest of villains, and finally the pair met in combat on the edge of a cliff.

Before the eyes of Watson, of course you remember Watson, the pair fought and fell to their deaths.

But, Sherlock's friends had not had enough of him. Sir Arthur was besought to resurrect his master character. And, finally, Sherlock came back to life, having escaped death on the cliff in miraculous manner common to super-human sleuths, to continue his career as the terror of wrongdoers and the envy of the slow-witted gentlemen from the Yard.

Now, Sherlock has died again, or rather, he has been murdered and by the hand of his creator. Perhaps his violent second demise was a final gesture of defiance to the Yard; let them solve it if they can.

As recently as May, Sir Arthur last publicly announced his belief that there were means of crime detection superior to those employed by Holmes. Sir Arthur's comment was in connection with the Charing Cross trunk murder, which by its very name seemed more fitted to the pages of Sherlock's career than to the blotter and court records of the London police and magistrates before whom it came for action. The body was in a trunk and checked at the station by "a well dressed man." Sir Arthur then urged the necessity for every police station in the world to include a spiritualistic medium on its staff whose services would be utilized solving mysteries.

Scotland Yard, ever impervious to suggestion, chose its own plodding way to trap the murderer who confessed and who now is on trial here. But, Sir Arthur's suggestion was a hint that all was not well for Sherlock. His own creator lost faith in the detective, and now he is dead. But even in death, Sherlock will not be idle. Resting comfortably in his pages on thousands of library shelves Sherlock will be with us forever, peering through his glass, rolling a bit of cigar ash in his palm or smiling a long suffering smile as he arrived on the scene of a crime to find that the stupid oafs from the Yard have obliterated the real clues in their clumsy search of the premises.

### GOVERNMENT AUCTIONS 26 AIRPLANES

Washington, June 16.—(UP)—The postoffice department today sold at an old-fashioned auction 26 air mail planes to the highest bidders, for a total of \$155,835.

The National Air Transport company of Chicago and New York purchased 17 of the planes for \$108,200.

Three planes went to the Western Air Express, of Los Angeles, for \$17,585.

The Robertson Aircraft corporation of St. Louis, former employer of Charles Lindbergh, trans-Atlantic hero, bought six planes for \$30,050.

Bidding was very slow and three planes were left unsold.

### TRAIN LOAD OF ARMED MEN AFTER STRANGLER

**LEAVE WINNIPEG EARLY TODAY  
FOR KILLARNEY,  
MANITOBA**

**SUSPECT ESCAPED FROM JAIL 15  
MINUTES AFTER BEING  
LOCKED UP**

Winnipeg, Man., June 16.—(UP)—A train load of armed men left Winnipeg early today for Killarney, Man., where it is reported the "strangler" wanted for the murder of a woman and girl here last week, is cornered.

The suspect escaped from the jail at Killarney late yesterday, 15 minutes after he had been locked up, and his boots taken from him.

A posse of armed farmers have trailed the suspect to the wilderness region near Killarney, and early today with the departure of additional armed men from Winnipeg, the farmer guards were joined by additional men until nearly a thousand men have entered into the man hunt.

Winnipeg, Man., June 16.—Search for the "strangler" wanted for the murder of a woman and girl here over the week-end and suspected of having murdered more than a dozen women in cities of the United States, ended today with the capture of a suspect in the wild regions south of Killarney, Man.

The capture was effected after the arrival of a train load of armed men from Winnipeg, who joined a thousand farmers and townsmen in the search which had lasted all night. The suspect escaped from jail at Killarney within 15 minutes after he had been locked up late yesterday.

Winnipeg, Man., June 16.—The suspected strangler for which more than 1,000 civilians, imported detectives and local authorities had been searching all night, was captured near Killarney, Man., today, according to advices here.

The suspect was arrested yesterday, but escaped from jail within 15 minutes after he was locked up.

Col. Martin, commissioner of Manitoba provincial police, according to word from Killarney, is convinced that the man arrested is the "strangler."

### FLIES IN AIR YACHT WITH 2 PILOTS AND VALET

Amsterdam, June 16.—(UP)—Van Lear Black, publisher of the Baltimore Sun, resumed his 10,000 mile air jaunt to Batavia, Dutch East Indies, from Budapest today. Black left here yesterday in his Fokker air yacht accompanied by two pilots, a valet and a mechanic. Black probably next will arrive at Constantinople.

### SEEKS G. O. P. NOMINATION FOR PRESIDENT

**MAMMOTH PICNIC ARRANGED AT  
EMMETTSBURG,  
IOWA**

**COOLIDGE SCORED "FOR FAILURE  
TO HEED THE CRY OF  
AGRICULTURE"**

Emmettsburg, Ia., June 16.—(UP)—At a mammoth picnic arranged for the occasion, the campaign in the middlewest to back Frank O. Lowden of Illinois, for the republican nomination for president of the United States, was formally launched today.

Frank J. Lund, chairman of the Iowa Lowden committee, delivering the principal address, scored President Coolidge for "his failure to heed the cry of agriculture for farm relief," characterized Secretary of Agriculture as a "traitor" to the farmer and attacked the president's third term aspirations.

Several thousand persons from a dozen northwest Iowa counties attended the gathering which Lund described as a "preliminary opening of the Lowden campaign," with the "main bout to follow at a future date."

He hailed Lowden as "the greatest friend the American farmer has today."

"We want him and we need him for he is our leading advocate today," Lund continued. "He is big enough and broad enough to treat all classes fairly and justly. Iowa will be heard and we do not propose to accept social favors or evasions as an answer to our demands."

Lund said he was somewhat embarrassed because "Cal has never said whether he is a candidate," but he supposed his migration to the Black Hills indicated he sought a third term.

"George Washington and Thomas Jefferson, in the interests of government by the people and for the people, announced the sacred doctrine of the second term rule for the presidency," Lund said. "This doctrine has been religiously adhered to now for one hundred and fifty years."

"If we can afford a president more than eight years then we can afford him more than 12 or 16 or 20 years or life, for with the army of advocates and the mighty influence of the press, he could be able to continue himself indefinitely."

The speaker then condemned the Coolidge administration. He said the president's "imperialistic policy" forced upon Nicaragua and threatening of Mexico has not only alienated their affections but "has destroyed billions of dollars of actual and potential business in Central and South America."

"We cannot save oil wells in Mexico for Doheny, Sinclair and Mellon and still expect to preserve our great South American markets," he said. "It is time the United States ceased playing the 'blundering bully' in Latin America. It is bad business, bad morals and bad statesmanship."

### PAST HISTORY IS DISCUSSED AT ST. CLOUD

St. Cloud, Minn., June 16.—(UP)—The relations of past history with future possibilities in community life were discussed at a meeting here today of the Minnesota Historical society.

An automobile caravan of about 25 cars arrived here this morning on the second stop of the society's sixth annual tour. The visitors left the Twin Cities this morning and made the first stop at Anoka.

Discussions of the historical events most prominent in the past and present day life of Anoka prevailed at a short session there. Then the caravan moved on to St. Cloud.

The society members were guests of the St. Cloud Reading Room club at a picnic luncheon and the regular session followed with an address of welcome by W. B. Mitchell, mayor of St. Cloud.

The opening address of the visitors was made by Solon Buck, superintendent of the Minnesota Historical society.

Speaking of bull-fights leads us to remark that we don't want anything like that to happen on Saturday. The exhibit is too close to our office for "we-uns" to take a chance.

One of our neighbors says he took home a box of strawberries yesterday and none of his family cared for any, so he had to eat the entire box himself. What a beautiful example of genuine unselfishness.

## A GENEROUS CREDITOR

In all the talk about war debts owing the United States, and absolving Europe from paying them it is refreshing to read the editorial in a recent issue of the Evening Bulletin of Philadelphia which states that "propagandists for revision of the war debt settlements will find it difficult to get around the facts and figures in the voluminous collection of War Debt Commission reports brought together in what is in effect a 'White Paper' on the whole subject. This document shows that the interest to be collected under the agreements already made is sixteen billions less than the amount which the debtors originally covenanted to pay. That abatement is five billions more than the entire principal of the war debts."

"The debtors agreed to pay five per cent, and in some cases six. The rates at which the United States borrowed money from its citizens to lend it overseas varied, but the Treasury figures the cost to this Government of the money so borrowed was virtually five per cent. The United States enjoys no rebate of the interest on its bonds, and the taxpayers will continue to provide that interest until maturity."

"Not much of the Uncle Shylock in that way of treating debtors. When it comes to revising and scaling down Uncle Sam has already done a pretty generous job. If the propagandists for the overseas nations want the debts cancelled outright, let them say so. Pleas for 'revision' are disingenuous in the face of the official record."

## SUMMER HERE SOON

AFTER an ineffectual attempt at staging a near approach to spring, we now find the weather bureau on the threshold of summertime. The calendar proclaims the fact that the longest day of the year will be here on June 21.

The Rotary club meets that day, and the chairman of the program committee, with a sublime faith in the calendar (although he covers his tomato plants ever night to save them from the vagaries of the weather) will stage a "Hail, Thou, O Summer" program.

In the Scandinavian countries it is the custom to celebrate next week and the Rotary club will do likewise, hoping it may shame our weather bureau into giving us seasonable weather.

## WELCOME CHANGES FOR THE BREAKFAST MENU

(Editor's Note: This is one of a series of cooking articles by six of the country's best-known cooks.)

Bacon, eggs, toast, cereal. Mighty good for breakfast, but don't we sometimes get tired of them?

MARGARET ALLEN HALL

Hot breads are always welcome, and they don't take very long to prepare. And waffles make a big hit, although they require a little more work on the part of the cook. However, it's worth it, when we see the look of pure joy on the faces of the youngsters while they eat.

## Berry Muffins

Blueberries, huckleberries, raspberries—any berries in season—are delicious in muffins. Miss Margaret Allen Hall, nutrition specialist at the Battle Creek College of Home Economics, gives her favorite muffin recipe.

1 cup fresh berries  
2 tablespoons butter  
2 tablespoons sugar  
1 egg  
3/4 cup milk  
2 cups sifted flour  
1/2 teaspoon salt  
4 teaspoons baking powder

Sift the dry ingredients together. Cream the butter and sugar. Add the milk and the dry ingredients alternately. At the last, fold in the berries.

Always flour berries before putting them into the batter. This keeps them from going to the bottom.

It's always best to have a hot oven for muffins and biscuits. If you cook with a modern long-chimney oil stove, turn the flame until yellow tips appear, about 1 1/2 inches high above the blue area. This flame pre-heats quickly.

## Golden Corn Muffins

Corn muffins, crisp and golden crust, are delicious. This is how Miss Hall makes them.

1/2 cup cornmeal  
1 1/2 cups flour  
2 tablespoons sugar  
1/2 teaspoon salt  
1 tablespoon melted butter  
1 cup milk  
1 egg  
4 teaspoons baking powder

Sift the dry ingredients together. Beat the egg, add the milk and stir in the dry ingredients. Then add the melted butter. Turn into muffin tins and bake in a hot oven twenty-five to thirty minutes.

## New Pancakes

Pancakes? Of course! Every family likes them, and you can't have your breakfast without them. The following recipe is contributed by Miss Lucy G. Allen, principal of the Boston School of Cookery.

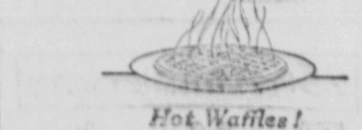

Mix one cup each of rye meal and bread flour, one-fourth cup of sugar, two teaspoons of cream of tartar, one teaspoon of soda, one teaspoon of salt and one-half teaspoon of grated nutmeg. Add one well-beaten egg and one cup of milk. Beat well and drop by spoonfuls into deep fat. Drain on soft paper and serve hot with maple or any good sweet syrup.

## Rice Griddle Cakes

Rice griddle cakes have made a name for themselves down south. And there's no reason why folks everywhere should not like them. Miss Rosa Michaels, New Orleans cooking expert, gives her recipe for them.

1 cup boiled rice  
1 cup milk  
1 cup flour  
1 egg  
2 tablespoons shortening  
1 teaspoon salt  
2 teaspoons baking powder

Mix rice, milk, melted shortening, salt and well-beaten egg. Sift the dry ingredients and add to first mixture. Mix thoroughly and bake on hot greased griddle.

## Hot Waffles!

And where can you find a dish more enticing than waffles, served with rich maple syrup, corn syrup, or molasses? The following recipe is also Miss Michaels'.

2 1/2 cups flour  
2 cups milk  
4 1/2 teaspoons baking powder  
3 eggs  
1 1/2 teaspoons shortening  
1 teaspoon salt

Sift dry ingredients; add milk to the yolks of eggs. Beat thoroughly and add dry ingredients, now the melted shortening and mix in the beaten whites of the eggs. Bake well in hot waffle iron. Some of the modern devices require no grease in the baking. Serve at once.

Many women set the table the night before, and have all cooking utensils needed for breakfast laid out to save time in the morning. This avoids much needless early morning confusion.

Oil stove users will be glad to know of a wick cleaner which fits over wicks, and removes all char and unevenness at a simple turning. Very inexpensive and saves hands.

## Whiter Clothes

Did you know that clothes rinsed in hard water require very little bluing, and are whiter than when rinsed in soft water?

## A GENEROUS CREDITOR

IN all the talk about war debts owing the United States, and absolving Europe from paying them it is refreshing to read the editorial in a recent issue of the Evening Bulletin of Philadelphia which states that "propagandists for revision of the war debt settlements will find it difficult to get around the facts and figures in the voluminous collection of War Debt Commission reports brought together in what is in effect a 'White Paper' on the whole subject. This document shows that the interest to be collected under the agreements already made is sixteen billions less than the amount which the debtors originally covenanted to pay. That abatement is five billions more than the entire principal of the war debts."

"The debtors agreed to pay five per cent, and in some cases six. The rates at which the United States borrowed money from its citizens to lend it overseas varied, but the Treasury figures the cost to this Government of the money so borrowed was virtually five per cent. The United States enjoys no rebate of the interest on its bonds, and the taxpayers will continue to provide that interest until maturity."

"Not much of the Uncle Shylock in that way of treating debtors. When it comes to revising and scaling down Uncle Sam has already done a pretty generous job. If the propagandists for the overseas nations want the debts cancelled outright, let them say so. Pleas for 'revision' are disingenuous in the face of the official record."

## SUMMER HERE SOON

AFTER an ineffectual attempt at staging a near approach to spring, we now find the weather bureau on the threshold of summertime. The calendar proclaims the fact that the longest day of the year will be here on June 21.

The Rotary club meets that day, and the chairman of the program committee, with a sublime faith in the calendar (although he covers his tomato plants ever night to save them from the vagaries of the weather) will stage a "Hail, Thou, O Summer" program.

In the Scandinavian countries it is the custom to celebrate next week and the Rotary club will do likewise, hoping it may shame our weather bureau into giving us reasonable weather.

Bacon, eggs, toast, cereal. Mighty good for breakfast, but don't we sometimes get tired of them?

MARGARET ALLEN HALL

Hot breads are always welcome, and they don't take very long to prepare. And waffles make a big hit, although they require a little more work on the part of the cook. However, it's worth it, when we see the look of pure joy on the faces of the youngsters while they eat.

## Berry Muffins

Blueberries, huckleberries, raspberries—any berries in season are delicious in muffins. Miss Margaret Allen Hall, nutrition specialist at the Battle Creek College of Home Economics, gives her favorite muffin recipe.

1 cup fresh berries  
2 tablespoons butter  
2 tablespoons sugar  
1 egg  
3/4 cup milk  
2 cups sifted flour  
1/2 teaspoon salt  
4 teaspoons baking powder

Sift the dry ingredients together. Cream the butter and sugar. Add the milk and the dry ingredients alternately. At the last, fold in the berries.

Always flour berries before putting them into the batter. This keeps them from going to the bottom.

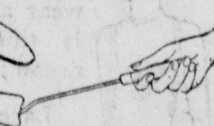

It's always best to have a hot oven for muffins and biscuits. If you cook with a modern long-chimney oil stove, turn the flame until yellow tips appear, about 1 1/2 inches high above the blue area. This flame pre-heats quickly.

## Golden Corn Muffins

Corn muffins, crisp and golden crusted, are delicious. This is how Miss Hall makes them.

1/2 cup cornmeal  
1 1/2 cups flour  
2 tablespoons sugar  
1/2 teaspoon salt  
1 tablespoon melted butter  
1 cup milk  
1 egg  
4 teaspoons baking powder

Sift the dry ingredients together. Beat the egg, add the milk and stir in the dry ingredients. Then add the melted butter. Turn into muffin tins and bake in a hot oven twenty-five to thirty minutes.

# HORNSBY TAKES UP SCEPTER OF MCGRAW

NOT GREAT  
SURPRISE TO  
NEW YORK FANS

EXPECTED BY THOSE FAMILIAR  
WITH INSIDE AFFAIRS OF  
CLUB

NO DEFINITE TIME MENTIONED  
WHEN MCGRAW STEPS  
ASIDE

By HENRY L. FARRELL  
(United Press Staff Correspondent)  
New York, June 16. — The announcement of John McGraw that Rogers Hornsby would succeed him as manager of the New York Giants did not come as a great surprise to New York fans or those in other cities who were familiar with the inside affairs of the club.

McGraw is giving his vote of confidence to Hornsby in St. Louis yesterday did not mention any definite time when he would turn over the active management of the club to his captain and star second baseman but it was taken almost for granted that he would do it at the end of the season.

Close friends said McGraw has been preparing to retire for several years and desired to remain in harness only until he had completed his twenty-fifth year as manager. He is in his 25th year now and his long-act ambition was to win a National League pennant and a world series this year.

The playing of the team this year was a severe disappointment to him. He spent a lot of money to get Hornsby, Eddie Roush, Burleigh Grimes, Al Devormer, Harper and a raft of high paid rookies, and only Hornsby delivered. The Giants looked like a ranking contender for

the pennant in the spring training camp but now they seem to be in a fight for the first division.

From a practical point of view and from the box office side, McGraw wanted to groom Frankie Frisch, a New York boy, for his successor but he turned against the former Fordham University star because he missed a couple of signals last year. McGraw rode him so hard that Frisch deserted his team in the late season and was punished with a ticket to St. Louis.

It cost the Giants a lot of money to get Hornsby and to straighten out his business affairs with the St. Louis club. When he finally became an official member of the Giants it was speculated that the New York club wanted him for other than his hitting and his fielding.

The rumors of dissection on the Giant bench have been heard all during the season, and, from reliable sources, there are reasons to believe they are true. But all ball clubs have their inside fights and troubles.

It was reported that Hornsby and Grimes had a fight in the club house, during which Grimes was pulled off Hornsby when he had him on the floor by the throat.

McGraw signed a three-year contract last winter to continue as the manager of the club but that doesn't mean that he will be held to it. He is vice president and one-third owner of the club.

CONSOLATION LOVING CUP WAS  
MADE BY LOCAL DESIGNER

HANDIWORK REPRESENTS HIGHEST TYPE OF AMATEUR SKILL

A unique consolation loving cup has been presented to the Scrap Dock Kittenball team, which gamely went down to defeat at the hands of the John M. Bye Clothing Co. in the final series of the local kittenball league.

The cup was made by an anonymous artist and presents the highest type of amateur skill. An ordinary drinking cup was used for the proper to which handles were soldered. The interior of the cup was bronzed to a golden hue and mounted on a piece of fir wood, beautifully turned out, stained, varnished and polished to a high degree. The cup bears the inscription, "Kitten Ball League, Almost Champs."

The trophy was made under the auspices of the Store Room, friendly rivals of the Scrap Dock aggregation and will soon be formally presented to W. L. Peabody, who is in charge of the reclamation department of the shops.

## The New PAIGE "8" with Two High Speeds

merits a demonstration and your thoughtful consideration

Those who are contemplating the purchase of a fine motor car should withhold selection until they have driven this new Paige.

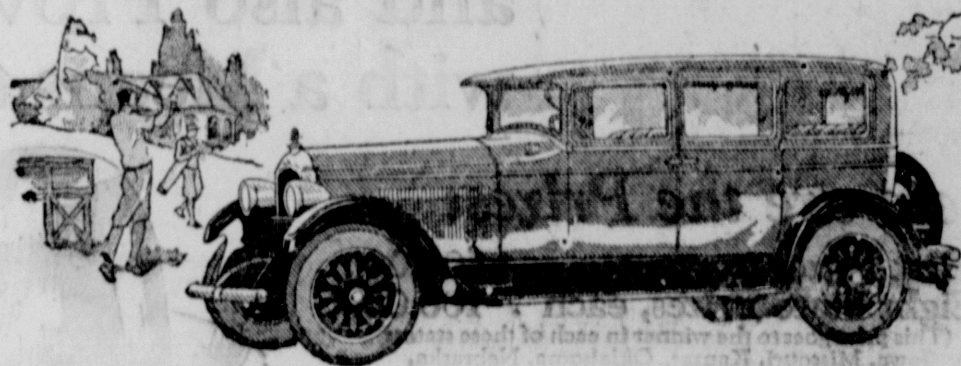

Many of these, after enjoying this experience, will doubtless find themselves accepting its performance as a standard by which to judge other cars.

Much of the difference in this car's performance lies in the mathematical fact that at high speeds its engine revolves much more slowly than engines normally do, due to its Warner Hi-Flex 4-speed transmission.

This new engineering accomplishment produces greater silence at all speeds, resulting in unusual gasoline economy. Because the engine makes fewer revolutions, it lasts longer, requires less attention, less frequent overhauling.

Third speed is another high speed, and delivers greatly improved acceleration, both in traffic and on steep hills.

We invite you to drive a new Paige "8" at your convenience. There will be no obligation to buy.

Motor Fuels

Good Bye  
"Carbon Knocks"

Here is a gasoline that fully meets the demands of those motorists who insist on special performance of their motors—such as instant starting, quick get-away, speed, minimum carbon, no knocks even on the hardest pull.

Through a special process of refining, KANT-NOCK gasoline has all of the anti-knock qualities refined into it instead of being poured in. It flows into your tank without dopes of any kind and transfers a remarkably increased smooth-driving power to your transmission. Its economy is due to less carbon trouble and longer motor life.

We recommend KANT-NOCK gasoline, without reservations, to motorists who demand the very best motor fuel on the market.

**KANT-NOCK**  
REDUCES CARBON  
GASOLINE

The Superlative  
in anti-knock  
Motor Fuels

Good Bye  
"Carbon Knocks"

Here is a gasoline that fully meets the demands of those motorists who insist on special performance of their motors—such as instant starting, quick get-away, speed, minimum carbon, no knocks even on the hardest pull.

Through a special process of refining, KANT-NOCK gasoline has all of the anti-knock qualities refined into it instead of being poured in. It flows into your tank without dopes of any kind and transfers a remarkably increased smooth-driving power to your transmission. Its economy is due to less carbon trouble and longer motor life.

We recommend KANT-NOCK gasoline, without reservations, to motorists who demand the very best motor fuel on the market.

## Buy a 1926 Tire in 1927

Why buy an out-of-date tire?

There's a NEW tire---the 1927 Goodyear Balloon with the new-type All-Weather Tread specially designed for balloon tire performance.

This new tire---"The Greatest Tire in the World"---will revise all your ideas about balloon tires.

Its tread insures slow, even wear---no more cupping, 'pot-holing' and such troubles. It gives positive, gripping traction. It is a real non-skid tread.

Would you be satisfied with an out-of-date tire, now that you know about this one? Come in and see it.

### BEAUTY LECTURE

Large Attendance at Demonstration Given by Dr. Fredburg, Chas. Tuthill, Miss Garrity

The beauty lecture and demonstration which was given by Dr. O. B. Fredburg, Chas. Tuthill and Miss Ivy Garrity, Monday evening at the Iron Exchange hall under the auspices of the Lawrence Academy of Beauty Culture was well attended.

While Dr. Fredburg, dean of the Academy explained the latest developments in beauty culture, Mr. Tuthill demonstrated the most recently perfected method of permanent waving.

The ladies bestrode Dr. Fredburg

with many questions relating to permanent waving and among other things he was asked as to the possibility of "long hair coming back." He expressed his opinion that bobbed hair had come to stay, that women were finding it much easier to shampoo and dress, especially since a properly given permanent wave practically provides a "permanent hair dress" that requires very little attention.

## These cars stand up!

EVERY General Motors car is built to represent General Motors quality and value throughout its life. Whether its potential mileage is to be used up by one owner or several owners makes no difference.

That is the reason for the high resale value of the current series of the General Motors cars. It is also the reason why USED General Motors cars offer real opportunities.

General Motors dealers are dependable merchants and will give you, if you wish to buy out of income, the advantage of the low rates of the GMAC Plan of time payment.

The price ranges of the new General Motors cars are given below. Pick out the car which interests you most. Then clip and mail the coupon. We want to tell you all about that car and also why General Motors cars, used or new, offer real value to their purchasers.

# NATIONAL GYPSY TOUR IN CITY JUNE 18 & 19

Motorcyclists From All Parts of Northwest and Part of Canada to Attend

## PROGRAM ARRANGED

Will Include Hill Climb at Ahren's Hill, Stunt Riding and Machine Contest

The motorcycle promises to come into its own in Brainerd on June 18 and 19 when the National Gypsy tour members will hold forth in a two day program that should prove to be highly interesting.

The gypsy tour is a country wide, annual affair in which motorcyclists at every state head out for some desirable place to spend a two day picnic. Fun and frolic are the ruling spirits of these days. Brainerd has been selected the spot for this year's tour.

The following circular has been sent out to all motorcyclists planning on making the tour:

"The city of Brainerd has extended a hearty invitation to you. Her beautiful parks, public grounds, charming lakes, well kept boulevards and gravel roads together with the surrounding country where an air of the wilderness prevails are yours for enjoyment.

"Motorcyclists are asked to reciprocate this generosity and friendship by conducting themselves in orderly fashion. Keep cutouts closed, and drive reasonably with due regard for others on the highways. Time our arrival in Brainerd, if possible, on Saturday afternoon, not before 3:30 p. m. The reason for this is that a number of blooded bulls are being distributed to Crow Wing county farmers in Brainerd on Saturday morning, June 18, and in order to avoid confusion it is believed best that we do not arrive until after these ceremonies are completed. You won't miss any of the program and our cooperation is requested.

"Representation is expected from great many cities and towns in northern Minnesota, North Dakota, and the Dominion of Canada. You will renew old acquaintances, make new ones and get a chance to get together with the best fellows in the world. The good old motorcycle spirit will prevail."

Upon arrival all motorists are requested to check in at Hayes Motors, 611 Main street. Special hotel rates have been arranged for all making the trip.

The following program has been arranged:

Saturday evening, 7:30 o'clock, parade of machines around town and then out to West's lake resort Birchdale, about six miles from town. Dancing will be on the program here for those who wish to attend.

Sunday morning, 8:30 o'clock, hill climb. Location is Ahren's hill about three miles from town. Take highway No. 3 toward Merrifield and follow the "80 miles per gallon" red signs to the hill. There will be events for 21 cubic inch singles, 45-61 and 74 cubic inch twins. Plenty excitement, register for hill climb entry at Hayes Motors Saturday if possible.

Sunday morning, 11:30 o'clock, leave hill for dinner.

Sunday afternoon, 1 o'clock, polo game, stunt riding and contests at the Brainerd ball park. Photograph will be taken here. Line machines up close so picture may be taken as quickly as possible.

1:30 p. m. start of polo game. Four ten minute quarters with five minute rests between quarters. While polo players are resting, exhibitions in turf board riding will be given.

2:30 p. m. start of stunt riding, machine contests, games, etc. Plank riding, potato race, egg race, puncture the balloon, broad jump, slow race, solo; cross country race, push race, solo; push race, sidecar; obstacle race.

Sidecar novelty pop race, trouble shooting race, tug o' war, motorcycle; shoe race, men; sack race, ladies; sack race, men; 100 yard dash, ladies; 100 yard dash, men; tug o' war, married vs single ladies; tug o' war, married vs single men.

# NATIONAL GYPSY TOUR IN CITY JUNE 18 & 19

Motorcyclists From All Parts of  
Northwest and Part of  
Canada to Attend

## PROGRAM ARRANGED

Will Include Hill Climb at Ahren's  
Hill, Stunt Riding and  
Machine Contest

The motorcycle promises to come into its own in Brainerd on June 18 and 19 when the National Gypsy tour members will hold forth in a two day program that should prove to be highly interesting.

The gypsy tour is a country wide annual affair in which motorcyclists in every state head out for some desirable place to spend a two day picnic. Fun and frolic are the ruling spirits of these days. Brainerd has been selected the spot for this year's tour.

The following circular has been sent out to all motorcyclists planning on making the tour:

"The city of Brainerd has extended a hearty invitation to you. Her beautiful parks, public grounds, charming lakes, well kept boulevards and gravel roads together with the surrounding country where an air of the wilderness prevails are yours for enjoyment.

"Motorcyclists are asked to reciprocate this generosity and friendship by conducting themselves in orderly fashion. Keep cutouts closed and drive reasonably with due regard for others on the highways. Time your arrival in Brainerd, if possible, for Saturday afternoon, not before 2:30 p. m. The reason for this is that a number of blooded bulls are being distributed to Crow Wing county farmers in Brainerd on Saturday morning, June 18, and in order to avoid confusion it is believed best that we do not arrive until after these ceremonies are completed. You won't miss any of the program and your cooperation is requested.

"Representation is expected from a great many cities and towns in northern Minnesota, North Dakota, and the Dominion of Canada. You will renew old acquaintances, make new ones and get a chance to get together with the best fellows in the world. The good old motorcycle spirit will prevail."

Upon arrival all motorists are re-

quested to check in at Hayes Motors, 611 Main street. Special hotel rates have been arranged for all making the trip.

The following program has been arranged:

Saturday evening, 7:30 o'clock, parade of machines around town and then out to West's lake resort Birchdale, about six miles from town. Dancing will be on the program here for those who wish to attend.

Sunday morning, 8:30 o'clock, hill climb. Location is Ahren's hill about three miles from town. Take highway No. 3 toward Merrifield and follow the "80 miles per gallon" red signs to the hill. There will be events for 21 cubic inch singles, 45-61 and 74 cubic inch twins. Plenty excitement, register for hill climb entry at Hayes Motors Saturday if possible.

Sunday morning, 11:30 o'clock, leave hill for dinner.

Sunday afternoon, 1 o'clock, polo game, stunt riding and contests at the Brainerd ball park. Photograph will be taken here. Line machines up close so picture may be taken as quickly as possible.

1:30 p. m. start of polo game. Four ten minute quarters with five minute rests between quarters. While polo players are resting, exhibitions in turf board riding will be given.

2:30 p. m. start of stunt riding, machine contests, games, etc. Plank riding, potato race, egg race, puncture the balloon, broad jump, slow race, solo; cross country race, push race, solo; push race, sidestep; obstacle race.

Sidestep novelty pop race, trouble shooting race, tug o' war, motorcycle; shoe race, men; sack race, ladies; sack race, men; 100 yard dash, ladies; 100 yard dash, men; tug o' war, married vs single ladies; tug o' war, married vs single men.

## JESS HAINES

PITCHES HIS 10TH  
WIN OF SEASON

ALLOWS GIANTS ONLY TWO HITS  
IN FAST GAME  
PLAYED

CHICAGO CUBS TIE SEASON'S  
RECORD, 11 STRAIGHT  
WINS

(By United Press)

Yesterday's hero — Jess Haines, who pitched his 10th victory of the season for St. Louis, while the Cardinals were drubbing the Giants, 5-0. Haines allowed only two hits. Rogers Hornsby was presented with a watch and scattering applause while Frankie Frisch was given a big ovation during the contest.

The Chicago Cubs tied the season's record for consecutive victories—11 straight made by Pittsburgh, by mauling 18 hits and beating the Phillies, 12-5. Catcher Gabby Hartnett got a triple, double and two singles, while Charley Grimm spanked out four singles in a row. The Cubs stayed behind Pittsburgh in the percentage column by the margin of one full game.

Pittsburgh retained the undisputed league lead by beating Boston, 7 to 4. Boston tried a belated rally in the ninth to no avail. Carmen Hill made the Braves scatter their hits, and had the ball under his control all the way through.

Although Eppa Rixey outpitched Dazzy Vance and allowed only four hits, his Cincinnati Red mates fell into error, and the Brooklyn Dodgers triumphed, 2 to 1. The Redlegs got six hits.

In the only American League game played Ted Lyons won his ninth consecutive for the White Sox, who beat the Athletics, 6 to 4. It was the 12th win of the season for Lyons. He has lost only two contests since the big show started in April.

Indianapolis, Ind.—Schupp's eight passes helped the Blues to win, 4 to 3, in the first game of the series. The score was tied in the third with Holke's homer but Florence dropped Schupp's throw in the ninth, allowing the winning run.

Toledo—Zahiser let Toledo down with six hits while his team mates, the St. Paul Saints, were collecting ten, and winning, 3 to 0. It was the sixth straight defeat for Toledo.

Columbus—Columbus beat Minneapolis in the ninth, 6 to 5, after Sullivan had doubled, was advanced to third on a sacrifice and went home on Benton's wild pitch. Benton had allowed only seven hits.

Louisville—Scoring four in the first off Culllop, Milwaukee held the lead and won from Louisville, 5 to 2. Eddleman pitched the ninth innings for Milwaukee, winning his tenth game of the season and his sixth straight.

Tender, Aching,  
Swollen Feet

In Just Five Minutes Those Sore, Tender, Aching Feet Get Amazing Relief. Moone's Emerald Oil is Guaranteed.

Go to Skauge Drug Co., H. P. Dunn or any other good drugstore today and get an original bottle of Moone's Emerald Oil.

The very first application will give you relief and a few short treatments will thoroughly convince you that by sticking faithfully to it for a short while your foot troubles will be a thing of the past.

Don't expect a single bottle to do it all at once but one bottle we know will show you beyond all question that you have at last discovered the way to solid foot comfort.

Remember that Moone's Emerald Oil is a clean, powerful, penetrating Antiseptic Oil that does not stain or leave a greasy residue and that it must give complete satisfaction or your money cheerfully refunded.

Who is Your Skinny  
Friend, Ethel?

Tell him that the quick easy way to put pounds of solid flesh on his bones is to take McCoy's Cod Liver Oil Compound Tablets.

Tell him it's the modern way to take nasty tasting, stomach upsetting cod liver oil—that these tablets are rich in vitamins and besides helping him to fill out his flat chest and sunken cheeks and neck that the vitalizing vitamins in McCoy's will make him strong and vigorous and give him more ambition.

Tell him that he can get 60 tablets for 60 cents at H. P. Dunn's, Johnson's Pharmacy, Economy Drug Co. or any drugstore anywhere and that if he isn't delighted after a 30 day test he can have his money back. Be sure he demands McCoy's, the original and genuine. There are imitations just as there is counterfeit money.

Pile Sufferers

Can You Answer These Questions?

Do you know why ointments do not give you quick and lasting relief?

Why cutting and operations sometimes fail?

Do you know the cause of piles is internal?

That there is a stagnation of blood circulation in the lower bowel?

Do you know that there is a harmless internal remedy discovered by Dr. Leonhardt and known as HEM-ROID, now sold by H. P. Dunn, Johnson's Pharmacy and druggists everywhere, that is guaranteed?

HEM-ROID banishes piles by removing the cause, by freeing blood circulation in the lower bowel. This simple home treatment has an almost unbelievable record for sure, quick and lasting relief to thousands of pile sick sufferers, and saves the needless pain and expense of an operation. Don't delay. Try HEM-ROID today. It will do the same for you.

## JESS HAINES PITCHES HIS 10TH WIN OF SEASON

ALLOWS GIANTS ONLY TWO HITS  
IN FAST GAME  
PLAYED

CHICAGO CUBS TIE SEASON'S  
RECORD, 11 STRAIGHT  
WINS

(By United Press)  
Yesterday's hero — Jess Haines, who pitched his 10th victory of the season for St. Louis, while the Cardinals were drubbing the Giants, 5-0. Haines allowed only two hits, Rogers Hornsby was presented with a watch and scattering applause while Frankie Frisch was given a big ovation during the contest.

The Chicago Cubs tied the season's record for consecutive victories—11 straight made by Pittsburgh, by massing 18 hits and beating the Phillies, 12-5. Catcher Gabby Hartnett got a triple, double and two singles, while Charley Grimm spanked out four singles in a row. The Cubs stayed behind Pittsburgh in the percentage column by the margin of one full game.

Pittsburgh retained the undisputed league lead by beating Boston, 7 to 4. Boston tried a belated rally in the ninth to no avail. Carmen Hill made the Braves scatter their hits, and had the ball under his control all the way through.

Although Eppa Rixey outpitched Dizzy Vance and allowed only four hits, his Cincinnati Red mates fell into error, and the Brooklyn Dodgers triumphed, 2 to 1. The Redlegs got six hits.

In the only American League game played Ted Lyons won his ninth consecutive for the White Sox, who beat the Athletics, 6 to 4. It was the 12th win of the season for Lyons. He has lost only two contests since the big show started in April.

Indianapolis, Ind.—Schupp's eight passes helped the Blues to win, 4 to 3, in the first game of the series. The score was tied in the third with Holke's homer but Florence dropped Schupp's throw in the ninth, allowing the winning run.

Toledo—Zahner let Toledo down with six hits while his team mates, the St. Paul Saints, were collecting ten, and winning, 3 to 0. It was the sixth straight defeat for Toledo.

Columbus—Columbus beat Minneapolis in the ninth, 6 to 5, after Sullivan had doubled, was advanced to third on a sacrifice and went home on Benton's wild pitch. Benton had allowed only seven hits.

Louisville—Scoring four in the first off Cullpo, Milwaukee held the lead and won from Louisville, 5 to 2. Eddleman pitched the nine innings for Milwaukee, winning his tenth game of the season and his sixth straight.

## Tender, Aching, Swollen Feet

In Just Five Minutes Those Sore, Tender, Aching Feet Get Amazing Relief. Moone's Emerald Oil is Guaranteed.

Go to Skange Drug Co., H. P. Dunn or any other good druggist today and get an original bottle of Moone's Emerald Oil.

The very first application will give you relief and a few short treatments will thoroughly convince you that by sticking faithfully to it for a short while your foot troubles will be a thing of the past.

Don't expect a single bottle to do it all at once but one bottle we know will show you beyond all question that you have at last discovered the way to solid foot comfort.

Remember that Moone's Emerald Oil is a clean, powerful, penetrating Antiseptic Oil that does not stain or leave a greasy residue and that it must give complete satisfaction or your money cheerfully refunded.

## Who is Your Skinny Friend, Ethel?

Tell him that the quick easy way to put pounds of solid flesh on his bones is to take McCoy's Cod Liver Oil Compound Tablets.

Tell him it's the modern way to take nasty tasting, stomach upsetting cod liver oil—that these tablets are rich in vitamins and besides helping him to fill out his flat chest and sunken cheeks and neck that the vitalizing vitamins in McCoy's will make him strong and vigorous and give him more ambition.

Tell him that he can get 60 tablets for 60 cents at H. P. Dunn's, Johnson's Pharmacy, Economy Drug Co. or any druggist anywhere and that if he isn't delighted after a 30 day test he can have his money back. Be sure he demands McCoy's, the original and genuine. There are imitations just as there is counterfeit money.
